

The word, "Church" means many things to many people. Last week we "moved the church." This morning you went "to church." The "start of church" here is 9:30am on Sunday mornings. To make matters more complicated, some here are members of the church others are simply attending church and others don't normally go to church... but you are part of "church" today. Let's face it, the word, "Church" is like the word "love" – it can be used in all sorts of ways. However, have you ever wondered what God says the Church is? The answer to THAT question will pave the way for us to function according to how He defines "Church." Thanks for joining us today as we explore what God thinks "church" is to be.
