The words "Tragedy" and "Triumph" sound similar phonetically, but have completely different meanings. A tragedy is "an event causing great suffering, destruction and distress." Triumph is "joy or satisfaction resulting from a success or victory." While being opposite in meaning, these two words are strongly related given success is often born out of failure.

We see the similar dynamic at play in this series, it all depends on your point of view.

Good Things about Bad Times, Part 5

Select Scriptures

Teaching Truth: Bad things happen because people do bad things.

I. What is _____ ? (I John 3:4)

II. How can we _____ sin? (Exodus 20:1-17)
